

LNG (Liquid Natural Gas) Professional Driver

Competition #: 201606

Are you looking for an exciting and rewarding career with one of the top transport companies in Western Canada? If you are driven by results and love to contribute to organizational success, Ventures West Transport would like to hear from you! Ventures West Transport (a partnership with northern aboriginal companies, Tli Cho Investment Corporation and Denesoline Corporation) provides bulk fuel transport to northern mine sites, and year-round haulage of various bulk commodities throughout Western Canada and Ontario. We are currently looking for a **LNG Professional Driver** to join the Ventures transportation team.

Title: LNG Professional Driver

Reports to: Operations Manager

Term: Permanent Full-Time

Summary:

The LNG Professional Driver will be primarily responsible for delivering bulk LNG product from Grand Prairie, AB to Inuvik, NT. The duties of the **LNG Professional Driver** include, but are not limited to the following:

- Conducts daily pre- and post-trip inspections in order to maintain the condition and safe operation of the truck and equipment
- Verifies and confirms trucking documentation is completed in accordance with company and regulatory requirements
- Confirms product placement and volumes are correct according to documentation including load sheets, bills of lading and trip log
- Completes all training and maintains appropriate certification and licensing as required

Skills & Abilities:

- Has experience hauling dangerous goods (LNG, propane, fuel, etc.)
- Follows company, legal, and regulatory requirements
- Operates vehicle in a safe and environmentally responsible manner and maintains accurate and complete records pertaining to transportation of dangerous goods

Education and Knowledge Required:

- Class 1 license with approximately five years in hauling dangerous goods
- Must possess a strong safety focus and demonstrated history of safe practices
- Certified in WHIMS, TDG, and First Aid
- Must possess strong reading comprehension, writing and mathematical abilities
- Mechanical aptitude required
- Minimum 2 years' experience with transportation of LNG products or related products
- Complete a pre-employment drug test with a negative result

Closing Date: open until position is filled

Please forward your application and resume to:

careers@ventureswest.net

or

fax 780-998-7660 ATTN HR

We thank all applicants for their interest. Applicants selected for interviews will be contacted within one week of the closing date.
